About Shri Shivaji Education Society

Shri Shivaji Education Society, Amravati is a premier educational institution of Central India with branches in all the districts of Vidarbha in Maharashtra. It is registered as a Public Charitable Trust (R.N. F/89). It was founded in the year 1932 Late Dr. Panjabrao alias Bhausaheb Deshmukh, who established various schools, colleges, hostels and other teaching and technical institutions and devoted his life for strengthening and enlarging the activities of Shri Shivaji Education Society, Amravati.

As on today Shri Shivaji Education Society, Amravati runs 25 senior colleges, 54 Jr. colleges, 75 middle schools, 35 hostels not only in Vidarbha but also in other parts of the state. These educational institutions cover disciplines like agriculture, arts and commerce, bio-technology, computers, education, physical education, engineering, horticulture, information technology, law, medicine, micro-biology and the pure sciences. It also runs a Polytechnic college for boys and girls at Amravati.

Introduction

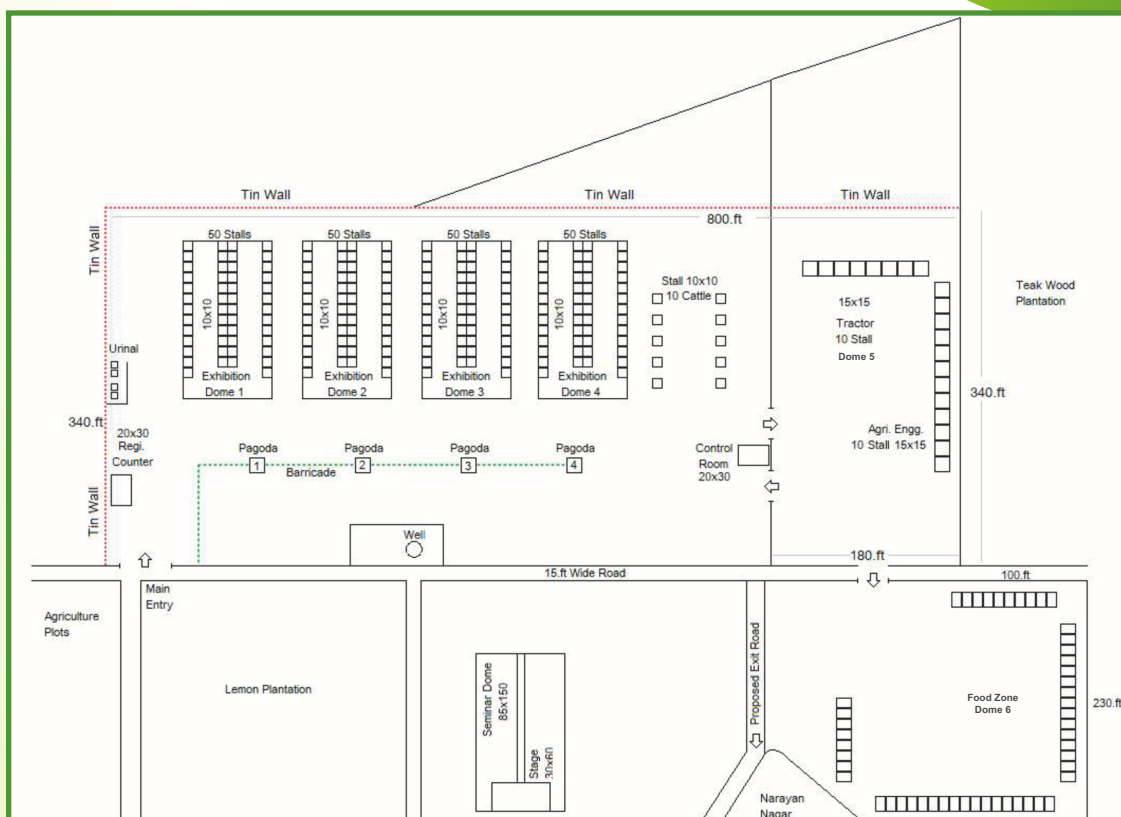

India is proud to be a self-sufficient in food production that has reached a level of million tons. Still there is need to increase the production to feed the increasing population. Additional requirement is likely to be fulfilled by bringing more land under irrigation and multiple cropping. Precision farming in combination with Modern Agro Techniques and crop diversification wherever possible shall help increasing the productivity. Thus, there is need to impart socio-economic changes at a favorable juncture, requiring marginal skill with high returns. This can be achieved by exhibiting modern techniques of conservation of natural resources i.e. Land, Water and Cultivation of Crops. Rural sector is facing several problems including seasonal unemployment. Agro processing and Agriculture business needs promotion to create more employment in rural sector to uplift the rural economy. Knowledge of Agro based industries is needed to be passed on to the rural masses. Rural financing and subsidies need to be known by the farmers. ICAR, SAUs and Agriculture Departments of State are doing the prime job of Transfer of technology. National Level Agriculture Exhibition 2023 being organized in Dec. 2023 can go a long way in achieving these goals.

Agriculture Exhibition

Agriculture exhibition serve as a powerful platform to enhance brand recognition and visibility. By participating in these event organiser, co-organiser, SAU, DRDA, MAVM, KVK, companies of Fertilizer, Seed, Pesticide, Agriculture Engineering can introduce their technologies, brand to a targeted audience, comparing farmers, Agriculture professionals, Suppliers and industry stakeholders. One of the most beneficial aspect of exhibiting a trade show is the opportunity for a face to face meeting with prospective farmers. In this exhibition live crop demonstration plots, 300 stalls for seed, fertilizer, pesticides, cattle breed, tractor equipments, irrigation management systems will be show their advance technologies.

How to reach to Amravati ?
